

Announcement of WIMS Hiring

Dear Academic Partner,

Greetings from **Wipro**!!

We are very pleased to announce the commencement of our next phase of WIMS hiring events and have a few updates for you in this regard as mentioned below.

Overview on **Wipro Infrastructure Management School(WIMS)**:

Wipro Infrastructure Management School (WIMS), one of the Work integrated Learning Programs offered by **Wipro**, aims at preparing fresh BCA and B.Sc. graduates for IT infrastructure Management services. It is an effort where training in Information Technology/System Engineering is offered to the students with practical exposure to the Infrastructure Management Service industry. These programs register every student for an 8 semester **Wipro** sponsored M. Tech course with one of the Top Universities. Candidates will get to work on live projects and earn a monthly stipend. Upon successful completion of the M. Tech program, the students will be absorbed as full time employees of **Wipro**.

This is an excellent opportunity of getting associated with **Wipro** to elevate the standard of education as well as corporate experience. Our weekend programs have been designed such that our students can acquire the relevant hands-on work experience, while developing a detailed understanding of the IT industry.
