And

DR. DEEPA G. MURICKAN, DEPARTMENT OF BIOCHEMISTRY, ST.MARY'S COLLEGE,TRISSUR -20.

This Memorandum of Understanding(MoU) sets for the terms and understanding between Dr. BOBBY JOSEPH and Dr. DEEPA G.MURICKAN in conducting a study about the effectiveness of different mouth washes.

Background and Purpose: Dr.Bobby Joseph is a specialist in Root Canal treatment –Endodontist, working as Professor in the Department of Conservative Dentistry and Endodontics, at Al-Azhar Dental College, Thodupuzha since 2007.As part of the academic programme , he would like to conduct a scientific evaluation of certain mouthwashes and other irrigants used in this field. Hence it is important to be associated with a department that has the required facilities and know how to conduct microbiological and biochemical studies.

Aim: To compare and evaluate existing mouth washes and or irrigants with newer ones and there by improve the clinical effectiveness of using such products. This study will essentially be carried out under Dr.Deepa G Muricken, in the Department of Biochemistry, St.Marys College, Thrissur. Dr. Bobby Joseph has entrusted Dr.Deepa to get the consent, ethical clearance or any other formalities required to carry out this study and to publish articles about this study in scientific journals .Any materials like irrigants or mouth washes to be used for the study will be provided by Dr.Bobby Joseph. He will also give a study line and articles references in relation to this study.

This MOU will come into force from the date of signing and will remain in effect until modified or terminated by any one of the partners by mutual consent.
